Subject: RE: Regarding National Academies Fuel Economy Study Invitation to Speak for US EPA Office of Transportation and Air Quality

Hi Bill,

Yes, we are just finalizing the open session plans today, but we are planning for an open session on Monday, July 16th in the afternoon, and would greatly appreciate EPA's participation. DOT has tentatively confirmed, and we plan to go forward with the open session regardless of their ability to participate for this meeting.

I will confirm tomorrow again to say we are final on those plans. Thank you.

-Beth
